u2b50u2b50u2b50u2b50u2b50. I love this game. It's super cute, small, and it's lovely. My only gripe is how the trophies unlock after collecting 3 stars. It's not required, but getting three stars to only then learn that you blocked the trophy was sometimes frustrating. On occasion, it would lead to a more creative solution, but sometimes it felt boring. Overall, very cute game. Solid 9.5/10. u2b50u2b50u2b50u2b50u2b50. I love this game.
